

Infant's surname _____
 Infant's first name _____
 Name of Hospital _____
 Date of birth ____/____/____

ELFIN study number

MAGPIE number

Every label for this baby should **end with the same MAGPIE number** (letter (hospital code) &3 digit number) and then **a unique four digit number**. As you label each sample please record this number (e.g A100-0001) under label number below, alongside the type of sample and the date.

Place the labelled sample in the relevant bag for this baby in the freezer. **Each bag for this baby should carry the MAGPIE number** (written in 'sharpie') and the **sequential number (one for each week)**.

Label number	Sample type stool(S) or urine(U)	Date of sample	Bag number
Example: A100-0001	u	24/06/16	1

- Place bag in -20 freezer prior to courier
- Use a new sheet each week and a new bag each week
- File the completed sheets in the site file once the baby has been transferred or discharged
